

## **OUR INFORMATION SECURITY MANAGEMENT SYSTEM POLICY**

*As Cronimet Turkey, in order to continue to be a leading and pioneering company, to ensure the continuity of our strength and to achieve our goals,*

Provide secure access to its and its stakeholders' information assets,

To be aware of the risks on the confidentiality, accessibility and integrity of all kinds of personal data and information assets belonging to our company, customers, suppliers and business partners and to manage these risks,

Maintain the credibility and brand image of the organization,

Implementing the sanctions deemed necessary in case of information security and personal data breach,

To create full participation in personal data and information security throughout the company and to create high awareness in information security in its processes,

To systematically address personal data and information security and to make it a structure that continuously improves, develops and does not allow new risks to occur,

To encourage leadership and employee participation in all our processes with a participatory and pluralistic management approach in our organization, thus continuously improving our business processes,

In relations with stakeholders, adhering to the laws and ethical rules, acting honestly and transparently, keeping promises, acting with the principles of "Respect for Information", "Respect for People", "Respect for Individual Rights and Privacy", "Respect for the Environment", being a pioneer and an example in the virtues of reliability and consistency,

To identify and meet the expectations of internal and external customers, suppliers and all other relevant contexts, society and shareholders in a timely, fast and effective system by using technological opportunities in corporate communication, to meet them in a balanced manner, to support continuous improvement, learning and innovation, to adopt and make them adopt the excellence approach,

To comply with all customer requirements, legal obligations and relevant standards,

We are committed.
